

## The Satanic Temple Sober Faction

June 6 at 4:49 PM · 🌐

The Satanic Temple Sober Faction strives to build a culture of anti-white supremacy, anti-patriarchy, and a culture of equity. We are proud to be called home by so many individuals, many of whom are not welcome in many spaces, including their own homes, people whose bodily autonomy and basic human rights are being systematically stripped away. We are proud to stand with and for 2SLGBTQ+ and BIPOC people and communities, women and trans youth, people with disabilities and who are neurodiverse, people in active addiction and in recovery, whatever that may look like.

We are not represented by anyone who makes light of these issues or makes excuses or exceptions for people who hurt these communities in any way. We hope to model the VII Tenets and learn from them. We believe in Tenet VI and understand human fallibility, but we hold greater still the second part of that Tenet, taking personal responsibility and rectifying wrongs. We will always give folx a chance to learn and grow, take responsibility for their own actions and rectify any harm they have caused, but that chance is not eternal. There are people who have made clear they will never learn or grow.

Our community's safety means the world to us, and in the spirit of Tenet II, it's health and safety comes first. We will always defend you.

Hail Sober Faction!

Did a situation arise where this needed to be clarified?

**Jacob Stinson** a co-founder of TST, who is the former spokesperson, had some questionable interactions with a publicly known transphobe who had been accused of other crimes in the past. We want to ensure our community knows this person does not represent us, nor do we in any way condone or defend his choices or behavior.

**The Satanic Temple Sober Faction** is Lucien no longer the spokesperson of TST? Is there any news updates I can read about this?

**Jacob Stinson** he's no longer the spokesperson, Ministers Chalice Blythe & Dex Desjardins are the new spokespeople for TST. I'm unsure of any news articles on the change.

**The Satanic Temple Sober Faction** To clarify: Chalice and I are empowered to represent TST's formal stances but not to create original policy statements. However, now that there *\*IS\** an official policy statement as of today, we will amplify it

**Jacob Stinson** Lucien is "semi-retired." Most of his public duties have been shifted to myself and Chalice Blythe and he's mostly sticking to his Patreon and his own personal Twitter. You probably won't see him on the news much moving forward
